Student Representative Council at Work

Our SRC representatives have regular meetings which are chaired by the SRC Executive with Davina Bellman’s support as Counsellor. Items are brought from class meetings to be discussed and decisions made.

A recent meeting discussed the ongoing issue of rubbish being dropped in our yard, SRC suggested that we have a weekly clean up, they then asked for feedback from staff. As a result of this action staff will support this by initially getting all students to pick up 5 pieces of rubbish between the first and second bell at each break. Students will get to understand that it is their responsibility to keep their yard clean.

Another initiative coming from SRC is that they would like to use some of their fundraising money to buy extra tables and seating as all students are expected to sit and eat at the beginning of lunch and recess. They have asked staff where they think would be best to place the additional tables and seats.

Tackling during football games is also an ongoing issue which SRC have raised, the suggestion is that instead of tackling, students use the 3 tap rules, if you can tap a person three times it is the equivalent of a tackle and the ball must be handed over. Students are asking staff to support this during the breaks and that perhaps a roster is drawn up for umpiring from the upper primary students.

SRC has also asked for opinions from staff about padded goal posts, the staff would support this and are suggesting SRC look at how this may be organised and managed.

Staff will be feeding back through SRC that all students should be wearing hats at all times when out in the yard. Even though it is cooler we do have issues with UV rays throughout the year in Australia. Please support your child by ensuring they have their hat at school and encourage them to wear it, not hat no play is the rule and to be under a hard covered area - verandah or lunch shed shelter or library shelter.
